THE WORLD’S COLUMBIAN
DENTAL CONGRESS.

Chicago, Illinois, August 14-19, 1893.

To the Dentists of the United States of America, Canada, Mexico,
Central America, and South America, Greeting:

The movement to hold a Dental Congress in Chicago, Illinois,
August 14-19, 1893, inclusive, received its official status from the
joint action of the Southern Dental Association at its meeting in
July, 1890, held at Atlanta, Georgia, and the meeting of the
American Dental Association held at Excelsior Springs, Missouri,
in August, 1890. The undersigned General Executive Committee
was appointed by the two Associations to adopt Rules and Regu-
lations, fix the time for convening the Congress, secure the place
for holding the sessions, and make such other preliminary arrange-
ments as it deemed necessary.

The work of appointing committees to promote the success of
the Congress is finished, the permanent officers have been chosen,
the honorary officers have been appointed in all foreign countries,
and the time and place of meeting fixed.

A general invitation has been issued, asking the co-operation of
the reputable dentists of the civilized world to meet with the
dentists of the United States of America at the time and place
fixed, for the presentation of papers, both scientific and practical,
covering the entire range of theory and technology. It is believed
that the newest investigations, discoveries, and methods in physi-
ology, histology, bacteriology, pathology, oral surgery, chemistry,
materia medica, therapeutics, orthodontia, operative dentistry,
prosthesis, and deontology will be presented to this Congress in
a manner not heretofore attempted in any international gathering
of a similar character.

It is with pleasure, therefore, that we appeal to the dentists of
America to assist in this great undertaking, which promises so
much for the future of dentistry and dental surgery, in placing its practical and humanitarian objects before the public at large. This Congress will be an educator of such vast proportions to the practitioners of dentistry, that few can realize the direct benefits which will accrue, not only to those participating, but to those who deny themselves the opportunity to make history for the generations yet to follow.

The Transactions, when printed, will be a permanent record of scientific development that may well serve as a starting-point in future professional advancement, education, legislation, and prophylaxis.

Nothing will be omitted to provide for the comfort and entertainment of those who lend their presence for the furtherance of the objects of this Congress, and a programme of such literary merit will be presented as shall reflect in the clearest manner the past history and present development of dental science, including also the practical demonstration of every phase of operations known. These demonstrations will be made by those best fitted by native ingenuity, education, and technical skill in bacteriology, histology, pathology, oral surgery, and other more directly practical subjects, such as orthodontia, prosthesis, electricity, and mechanical operations on the teeth, jaws, and associate parts.

The facilities for meetings and clinical demonstrations are ample to accommodate all who are entitled to admission to the Congress. The Memorial Art Palace is situated near the center of transportation, it is isolated from traffic, and is well lighted and ventilated.

The general headquarters will be located at 300 Michigan Avenue, within ten minutes' walk of the assembly-rooms. All communications to the Secretary of the General Executive Committee to be sent to this address after July 15.

The profession in America must now assume the responsibility of making this Congress a success, on the lines laid out by the General Executive Committee. This can only be accomplished by the immediate response of those who contemplate being present in person, or by contribution, financial or otherwise.

The Committee urgently requests an immediate decision from those purposing to attend, in order to facilitate the work of the various departments, and reduce to a reasonable certainty the attendance from America.

Contributions of money should be made directly, and at once, to the Chairman of each State Finance Committee, for transmission to the Treasurer, who will issue his receipt for the same. Accompanying this circular are the Codified Rules and Regulations of the Congress, and instructions for the guidance of all.

Read this circular carefully, and preserve it for future reference. Adherents of the Congress will address letters of inquiry to the Secretary of the General Executive Committee, in order to receive an official reply.

Cordially and fraternally yours,

A. O. Hunt, Secretary of the General Executive Committee, Iowa City, Iowa.

L. D. Shepard, President of the Congress, 330 Dartmouth Street, Boston, Massachusetts.
