on its nomenclature.*

Committee on Nomenclature.

World's Columbian Dental Congress

TO BE HELD IN CHICAGO IN 1893.

Jacksonville, Ill., Nov. 28th, 1892.

Prof. H. Carrington Bolton,

University Club, New York.

Dear Sir.

As Chairman of the Committee on Nomenclature to report at Chicago next year I am anxious to obtain all information possible as to the prosecution of similar work in other branches of science, and through the kindly advice of Dr. E. C. Kirk of Philadelphia I write to ask of you a copy of the report of the Committee of the A. A. A. S. on Chemistry, which I understand is now issued, or about to be issued. Any information you may be able to give me for the use of the Committee which I represent, in regard to plans of proceeding in such work will be highly appreciated.

Very truly,
