

EDUCATION

a) Pre-professional:

Rossville Public and High Schools, Rossville, Illinois, 1901-1912
Northwestern Univ. College of Liberal Arts, Chicago, 1912-1916 (B.S.)
Marine Biological Laboratories, Cold Spring Harbor, L.I., Summer of 1915
Marine Biological Laboratories, Woods Hole, Mass., Summer of 1916
Northwestern University Graduate School, 1916-1917 (M.A.)
Northwestern University Medical School, 1919-1924 (M.D.)
Path.-Anat. Inst. Krankenhaus der Stadt Wien, Austria, Aug. 1925 to Mar. 1926
Northwestern University Graduate School, 1929-1931 (Ph.D.)

b) Professional:

Assistant in Anatomy, Northwestern University School of Medicine,	1919-1925
Associate in Anatomy, " " " "	1925-1927
Clinical Assistant in Surgery " " " "	1925-1928
Instructor in Surgery " " " "	1929-1930
Associate in Surgery " " " "	1930-1932
Assistant Professor of Surgery " " " "	1932-1936
Associate Professor of Surgery " " " "	1936 to date

Abstract Editor, International Abstract of Surgery, 1929 to date

PUBLICATIONS -- MICHAEL L. MASON

- The first thoracic white ramus communicans in man. S. E. Johnson and Michael L. Mason. *J. Comparative Neurol.*, 1921, 33: No.1.
- Experimental degeneration of the vagus nerve and its relation to the nerve terminations in the lung of the rabbit. C. Larsell and Michael L. Mason. *J. Comparative Neurol.*, 1921, 33: No.5.
- Über den heilungsvorgang der gelenkbrüche. Brün's Beiträge zur klinischen chirurgie, 1926, 138: 58-75.
- Isolated giant-cell xanthomatic tumors of the fingers of the hand. Michael L. Mason and W. H. Woolston. *Arch. Surg.*, 1927, 15: 499-529.
- Tumors of the hand. (Dedication of Ward Memorial, Northwestern University Medical School, 1927, pp. 154-160).
- Dupuytren's contraction: with a description of the palmar fascia. Review of the literature and report of 29 surgically treated cases. Allen B. Kanavel, Sumner L. Koch, Michael L. Mason. *Surg., Gynec. & Obst.*, 1929, 48: 145-190.
- Carcinoma of the hand. *Arch. Surg.*, 1929, 18: 2107-2158.
- A simple abduction splint for use in obstetrical paralysis. *J. Bone & Joint Surg.*, October, 1929.
- Rupture of the tendons of the hand: with a study of the extensor tendon insertions in the fingers. *Surg., Gynec. & Obst.*, 1930, 50: 611-624.
- Human bite infections of the hand: with a study of the routes of extension of infection from the dorsum of the hand. Michael L. Mason, Sumner L. Koch. *Surg., Gynec. & Obst.*, 1930, 51: 591-625.
- The process of tendon repair: an experimental study of tendon suture and tendon graft. Michael L. Mason, Clarence G. Shearon. *Arch. Surg.*, 1932, 25: 615-692.
- Hand Infections. Allen B. Kanavel, Michael L. Mason. *Sajous' Cyclopedia of Medicine*, 1932, 6: 152-185 (Revised 1937 and 1939).
- Division of the nerves and tendons of the hand: with a discussion of the surgical treatment and its results. Sumner L. Koch, Michael L. Mason. *Surg., Gynec. & Obst.*, 1933, 56: 1-39.
- Tumor of a subcutaneous glomus: tumeur glomique; tumeur du glomus neuromyo-artériel; subcutaneous painful tubercle; angio-myo-neurome; subcutaneous glomal tumor. Michael L. Mason, Arthur Weil. *Surg., Gynec. & Obst.*, 1934, 58: 807-816.
- Tuberculous tenosynovitis of the hand: a study of 33 cases of chronic tenosynovitis of the hand. *Surg., Gynec. & Obst.*, 1934, 59: 363-396.
- The immediate and delayed tendon repair. *Surg., Gynec. & Obst.*, 1936, 62: 449-457.
- Tumors of the hand. *Surg., Gynec. & Obst.*, 1937, 64: 129-148.
- The surgical principles involved in the treatment of open injuries (Transactions of Western Surgical Ass., 1936, pp. 58-79). *West. J. Surg., Obst. & Gynec.*, 1937, 45: 239-248.

- Pitfalls in the management of hand infections. *Minnesota Med.*, 1937, 20: 485.
- The immediate treatment of compound injuries. *Ill. State M. J.*, September, 1937.
- The immediate treatment of injuries to the hand. *Industrial Med.*, 1937, 6: 536-538.
- The principles ~~involved~~ of management of tendon injuries to the hand. *Physiotherapy Review*, 1938, 18: 119-123.
- Contributor to "A Textbook of Surgery." W. B. Saunders, Publisher).
- Purposeful splinting following injuries of the hand. Sumner L. Koch and Michael L. Mason. *Surg., Gynec. & Obst.*, 1939, 68: 1.
- Plastic surgery of the hands. *Surg. Clin. North Am.*, February, 1939.
- Carcinoma of the hands and feet. *Surgery*, 1939, 5: 27.
- The immediate treatment of open wounds of the hand. *Mississippi Valley M. J.*, 1939, 61: 136-143.
- Aseptic and antiseptic measures as they affect the incidence of infections in surgery. *International Abstract of Surgery*, 1939, 69: 112-114.
- Wound Healing. *International Abstract of Surgery*, 1939, 69: 303-315.
- The surgical and anatomical aspects of a case of double lower lip. Michael L. Mason, Barry J. Anson, Lindsay E. Beaton. *Surg., Gynec. & Obst.*, 1940, 70: 12-17.
- The management of open wounds. *Bull. Chicago Medical Society (South Chicago Branch)*. 1940, 10: 6-9.
- The control of postoperative infections. *Hospitals*, March, 1940.
- Primary and secondary tendon suture: a discussion of the significance of technique in tendon surgery. *Surg., Gynec. & Obst.*, 1940, 70: 392-402.
- Principles of Management of Infections of the hand. *Rocky Mountain Med. J.*, 1940, 37: 814.
- Local treatment of the burned area (Editorial). *Surg., Gynec. & Obst.*, 1941, 72: 250-253.
- Minor surgical conditions of the hand. *Surg. Clin. North Am.*, 1941, 21: 181-195.
- Immediate closure of wounds (editorial). *Digest of Treatment*, February, 1941.
- Wound Healing. *Illinois Med. J.*, 1940, Vol. 78 (December).
- Indelible pencil injuries to the hands. *Ann. Surg.*, 1941, 113: 131-139.
- Significance of function in tendon repair. *Arch. Physical Therapy*, 1941, 22: 28-34.
- The rate of healing of tendons (Transactions of the American Surgical Ass., 1940, 58: 509). *Ann. Surg.*, 1941, 113: 424-459.

Injuries to the nerves and tendons of the hand. J. Am. M. Ass., 1941, 116: 1375.

Review of one-thousand appendectomies. Quar. Bull. Northwestern University Medical School, 1941, 15: 1-20.

Significance of the American College of Surgeons to progress of surgery in America. American Journal of Surgery, 1941, 51: 267-286.

Grease Gun Injuries to the Hand: Pathology and Treatment of Injuries (Oleomas) Following the Injection of Grease under High Pressure. Michael L. Mason and Frank B. Queen. Quarterly Bulletin, Northwestern University Medical School, 1941, 15: 122.

Primary Closure and the Closed Plaster Treatment of Wounds. Northwestern University Quarterly Bulletin, 1941, 15: 302.
