

### 3. Septic Surgery

#### 1. Linens for draping abdominal cases:

1 sheet lower part of table over patient  
1 sheet upper part of table over patient  
4 towels with 4 towel clips  
1 lap sheet  
2 dry lap pads with 4 towel clips  
12 extra towels

#### 2. Incision and drainage

#10 blade with #3 handle (2 knives)	1 fine probe
1 Adson tissue forceps	3 Kelly forceps
2 straight mosquito forceps	4 Towel clips
2 curved mosquito forceps	1 8" straight forcep
1 short Mayo straight scissors	1 Curette
2 Senn retractos	
Vaseline gauze	
3 x 3 for sponging	
12 x 12 gauze fluffed )	
6 abdominal pads ) for dressing	

#### 3. Nerve and tendon lacerations and sutures

1 grooved dissector		
6 Allis forceps		
18 Halstead forceps, straight	30 mosquito	
6 " " curved	6 Rackers	
12 Kelly " straight		
6 " " curved		
16 towel clips	2 Ligature carriers	1 Rangeerd
1 nurses scissors	2 Aueusysua needles	2 Cu settes
2 short straight Mayo scissors	1 Haulmea	1 Bone cutting forcep
1 straight iris scissors	4 Fine chisels	1 Periosteoiriers
3 short needle holders	2 elevators	
2 Adson tissue forceps	1 Bone holding - sevall	
1 fine anatomical tissue forceps		
2 small rat toothed tissue forceps		
2 Senn retractors, - 2 types		
2-3 prong sharp retractors		
2-6 prong sharp retractors		
2-2 prong dull retractors		
4 Kanavel retractos, 2 sizes		
2 small Parker retractors		
1 nerve hook 2 probes		
2 spatulas		
4 #10 knife blades with 2 #3 handles		
2 #15 knife blades with #11 handle		
1 asepto syringe		
1 Metal ruler		
1 Nerve stimulator		

#### 4. Abdominal Cases

All instruments for nerve and tendon, plus:

- 4 ring forceps
- 12 Ochsner forceps
- 12 Kocher forceps
- 1 finger dissector
- 2 anatomical tissue forceps
- 2 small rat toothed forceps
- 1 long rat toothed forceps
- 3 long Parker retractors
- 3 flexible retractors
- 3 Richter retractors
- 1 small probe
- 1 suction tip and tubing

#### 5. Hernia

All instruments for nerve and tendon sutures, plus abdominal cases, plus:

- 1 Kocher dissector
- Hernia tape

#### 6. Gall Bladder

All instruments for nerve and tendon sutures, plus abdominal cases, plus:

- 6 Mixer forceps
- 1 trocar
- Gall bladder scoops
- Gall bladder probe
- 1 Kelly retractor

#### 7. Gastric and Bowel cases

All instruments for nerve and tendon suture, plus abdominal cases, plus gall bladder cases, plus:

- 2 straight Doyen clamps
- 2 curved " "
- 2 small Peyer clamps
- 2 medium " "
- 1 Large " "

#### 8. Sutures

##### Nerve and tendon

- Davis and Geck, #1670 swedge silk straight needles
- " " 8-0 swedged silk curved needles
- #12 Ferguson needles for 00 white braid silk - Tiechan
- #11 arterial needle for #6 black twist champion silk, A
- #28 regular needles for horsehair
- 00 white braid silk on spool for ligatures

##### Abdominal Cases

- Peritoneum and fascia - #8 black twist champion on a Murphy #4 or Ferguson #8
- #6 black twist champion
- #8 straight intestinal with #6 black twist
- Champion for purse string
- .00 chromic catgut on straight and curved needles for bowel work

Skin sutures

Horse hair

#14 Michael skin clips

#10 black twist champion silk for skin

9. Skin Grafting

List to be supplied

10. General list of instruments for septic surgery:

4 Senn retractors

2 5-prong retractors

2 wide deep Kanavel retractors

2 narrow deep Kanavel retractors

6 dozen towel clips, Bachous

12 #4 knife handles

12 short Mayo straight scissor

12 #3 knife handles

6 short Mayo curved scissors

12 long Mayo straight scissors

6 long Mayo curved scissors

8 nurses scissors

4 large bandage scissor

2 small Pyer clamps

1 medium Pyer clamp

1 large Pyer clamp

2 straight and curved iris scissors

2 fine tissue forceps, with and without teeth

2 curved intestinal clamps

2 straight intestinal clamps

Gall bladder trocar

8 Mixer forceps

6 Lahey forceps

5 dozen mosquito forceps

6 dozen Kelly forceps

2 dozen curved Kelly forceps

4 dozen Kocher forceps

6 dozen Ochsner forceps

4 dozen curved Mayo forceps

6 dozen Allis forceps

12 long ring forceps

12 short ring forceps

4 Barrett intestinal forceps

12 Adson tissue forceps

12 1-2 toothed forceps

2 anatomical tissue forceps

1 long anatomical tissue forceps

6 6-prong sharp retractors

4 3-prong sharp retractors

4 2-prong dull retractors

6 ribbon retractors

6 Richter retractors

4 each, small, medium, large ribbon flexible retractors

6 Jackson retractors

4 each, small, medium, large ribbon flexible retractors

6 Jackson retractors

4 Kocher dissectors

4 grooved directors

1 Kelly retractor

1 Suction tip

1 Nerve hook

2 spatulas

Needle holders, Hegar, small, medium, and large

11. Plastic and grafting

Blair-Brown skin graft knife, 2, or straight razors

Dermatome

8 #10 knife blades

Sea sponges

Vaseline gauze

Other instruments as for nerve and tendon suture

All hand and arm cases are to be supplied with a blood pressure cuff.

Draping for all arm and hand cases:

1 sheet for arm board

1 sheet for over patient

1 sheet across anesthetist's screen

1 towel under arm, clipped together with towel clip, free from sheet

1 towel over arm
