January 22, 1915.

Dr. Arthur D. Black,
122 Michigan Ave.
Chicago, Ill.

Dear Dr. Black:-

I wrote your father in reference to a matter some time ago but presume he has been unable to answer it. I would be glad if he could take up the matter contained in the letter as I still have a great deal to do on the paper I am working on and a great deal depends upon the matters covered in the letter.

Please tell your father that I have just returned from an examination of the Arizona territory of which we have corresponded some and that I found a great deal of interest bearing upon this investigation. Principally the matter of the prevalence of this lesion among the Indians upon one of the Government Reservations.

While in Phoenix I called upon Dr. H. H. Wilson who has recently sent a specimen of one of these teeth to your father. It has been very hard for us to get specimens and I just wanted to say that unless your father
